ADVANCED IMAGING PROCEDURE

1. Call **YOUR** insurance company (not the imaging center) **FIRST** and ask if you need a prior authorization for the study your provider is ordering.

Also ask your insurance company where you are allowed to get this study done (some locations may be cheaper than others, some covered some not). Ask you insurance company for the **NPI** number where you are going to go (so there are no mistakes)

Prior Authorization Needed: **YES/NO**

NPI Number of imaging center_____

2. Call our office and let us know that you DO need a prior authorization and please provide the NPI number of the facility where you would like it done.
3. Wait until we call you with the news regarding your prior authorization. If approved, we will give you the approval number that you will need to provide when scheduling your study.

Approval number _____
